Subject: List of faculty identified for Full Stack Development Course Training

Dear HoDs & Principals,

Attached is the list of 120 faculty finalised through HoDs and Cohort Professor Incharges for training them in the Full Stack Development Course & Cloud DevOps course for the upcoming 2024-25 EVEN SEM and 2025-26 ODD SEM. Kindly inform the faculty about the same and advise them to be available for all further trainings related to these course effectively. These 120 faculty will play a crucial role in delivering these course to more than 91 sections each semester across the entire University and hence their commitment towards this learning must be upright and HoDs are advised to ensure that they constantly monitor the progress of the faculty in these courses. A list of self-learning courses are provided below which they will have to commence learning immediately and in parallel so that once they reach a level of confidence, we will then provide them with physical trainings from industry experts. These trainings will help faculty upskill tremendously in these domains and hence they should pay utmost attention towards these learnings.

[@Principal-ASC](#) is advised to have a dedicated team to closely monitor the upskilling of these faculty to ensure that they are competent in delivering the classes and working on projects related to these courses.
